About us

(Make lifting equipment more suitable for human use)

1. About us

ELITE-JFUJI elevator is a large-scale professional elevator manufacturer integrating R&D, production, sales, installation, repair, maintenance and transformation.

Hangzhou ELITE is the authorized overseas installation and after sales service provider.

The company covers an area of nearly 200000 sqm, the registered capital of USD 35 Millions, the building area of more than 70,000 square meters, built up to more than 70 meters of elevator test tower;The second phase of the project will build a research and development site of more than 40,000 square meters, with a landmark new test tower up to 168 meters high, which will become a medium-high test tower for elevator enterprises in south China.

As Foshan elevator industry association unit, China elevator association member unit, the company hand in hand at home and abroad well-known large and medium-sized elevator parts formed close strategic cooperation union, and through the 24 hours service network covering the whole country and based on the cloud of ELITE-JFUJI intelligent elevator maintenance management service platform, focus on building to promote the healthy development of the industry and the environment harmony, global enterprise.
